# “NOW BUYING MEDICINE IS A LOT MORE CHEAPER”

Medicines are prescribed our DOCTORS by their brand name and not by their GENERIC name, and what we actually pay is a lot more than it's generic value..

Follow these simple steps to SAVE your hard earned money:

1. Log on to [www.medguideindia.com](http://www.medguideindia.com)

2. Click on '**Drugs**'

<https://www.facebook.com/Dr.TrollOnDuty>

3. Click on '**Brand**'

4. Type the brand name which you are using (e. g. Metocard XL (50 mg). The site will also help you with drop down menu) & Click on 'Search'

5. Click on '**GENERIC**'. It will display the ingredients of the tablet.

6. Click on "**Matched Brands with above Constituents**"

7. Don't be surprised to see that same drug is available at very low cost also. And that to by other reputed manufacturer.

e. g. Metocard XL 50 is for Rs. 62.00 & same drug by Cipla (Mepol) is available ONLY @ Rs. 7.00

If you are convinced with the result, do  this message to your near & dear ones.

# Care for your heart while you sleep

## In which position do you sleep?

If you sleep on your stomach or on your left side, you are putting pressure on your heart with the extra body weight, while the heart has to continue pumping blood as usual.

Share This Info With  
People You Care

This additional burden wears the heart out more quickly. Think about it - you spend more than one third of your life sleeping! To reduce the strain on your heart, sleep on your right side, or on your back. This simple technique will add years to your life.
